

# T.Love, Don't go Paul

I've heard your voice I've heard your voice  
On the radio last night  
I remember that's all i remember  
Your invisible smile  
But 'round the midnight suddenly  
You're wave has disapeared  
Please don't go Paul, please don't  
Walk away, please stay, oh yeah

Please don't go Paul  
Please don't walk away, yeah yeah

This morning I met you  
At the stairs of your school  
You looked so fine, you looked so good  
You looked so perfect cool  
But when i tried to touch your skin  
You quickly faded away  
Please don't go Paul, please don't  
Walk away, please stay, oh yeah

Please don't go Paul  
Please don't walk away, yeah yeah

Tonight I'll listen to  
Your voice on the radio again  
And i know i hope i promise you  
I'll never loose your wave  
And maybe one day maybe next day  
I'll met you one again  
Please don't go Paul, please don't  
Walk away, please stay, oh yeah

Please don't go Paul  
Please don't walk away, yeah yeah
