## T-Pain, Can I Get (ft. Pitbull)

Can I get that?
I know I said I?ll never ever drink again (again again)
But now I feel like I never had before
I?ll get out on the floor and show them what is wrong

Draw to get that Grammy
Can I get that pole? Can I get that Henny?
Can I get that Marguerita on the rock rock?
I think it?s up all around that rim rim
Draw to get that Grammy
Can I get that pole? Can I get that Henny?
Can I get that Marguerita on the rock rock?
I think it?s up all around that rim rim

Can I get that? When I wind up in the club I hit that? Shorty wanna hurry up like a kitkat Get a couple bottles and a couple models and I wanna sip that Drone, put ?em in the zone Hit that, hit it when I?m already in it Can I get that margarita when I?m chillin? with a mamasita? See you later on tonight I say, I shut My bed, I?m in The club instead party rockin? with my baby So I?ll never say never She?ll leave me if I let ?er That?s why I gotta keep ?er on the dance floor Shut up, I feel so much better I know I said I?ll never ever drink again (again again) But now I feel like I never had before I?ll get out on the floor and show them what is wrong
