

T-Pain, Ringleader Man

""[Intro]""
Ooh (x7)
Hey!

""[Verse 1, Tallahassee-Pain]""
We gonna have a ripping good time
Just hit we rewind,
And you can see Im far too crazy
My rhythms and rhymes
Keep niggas in line
Cause now is not the time to be lazy
Im the Ringleader Man
A cane in my hand
And a iced out top hat on my head
Aint you tired of that wackness?
Sick of this wack shit
Wouldnt you like some of me instead?

""[Chorus]""
The Ringleader Man
This is my circus
Im working
I can flip this whole game with one hand
The Ringleader Man
I know,
Its a fact that youd rather just have some of me instead
The Ringleader Man
Huh
The Ringleader Man
Huh
Hey!

""[Verse 2]""
This industry is my circus
I know that it hurts just
Sit back and take pain like I used to
And Im trying to stop cursing
But I dont give a fuck
Im gonna curse you with lyrical voodoo
Im the Ringleader Man
You cant understand
The shit comes out of my head
But you like all that wackness
Loving all that wack shit
Id rather just say, Fuck you! instead

""[Chorus]""
The Ringleader Man
This is my circus
Im working
I can flip this whole game with one hand
The Ringleader Man
I know,
Its a fact that youd rather just have some of me instead
The Ringleader Man
Huh
The Ringleader Man
Huh
