

# T-Pain, Sounds Bad

Mmm mmm mmm mmm  
I wanna dedicate this to my struggling bro  
Keep pushing on, keep pushing on  
Yea

First of the month  
Check late  
Got nothin to do  
Imma roll me a blunt  
Got drank  
Call me a hoe or two  
Now I know that it sound like I'm living on the edge  
Only you ain't hear the worst  
Got the whole house running on the generator  
No good food in my frigidator  
Damn, and I'm late for work

Don't that sound bad  
Horrible  
No inspiration  
No goals  
I know it sound like  
I wanna die  
And I know I'm so miserable  
But this just so happens to be  
The best day of my life

Now I don't wanna confuse you  
Hurtin on the inside  
But I won't let you see  
That's why every little dollar  
And every little penny  
Goes to puttin an outfit on me  
Cause Imma stay fresh to death  
Dressed to impress  
The rest  
You know how I do it when I do it  
Imma show you how to do it  
So you can do it for somebody else  
Mmm  
But I still that house on the generator  
No good food in my fridigator  
Damn, and I'm late for work

Don't that sound bad  
Horrible  
No inspiration  
No goals  
I know it sound like  
I wanna die  
And I know I'm so miserable  
But this just so happens to be  
The best day of my life

My life  
My patron  
Pick of ice  
Drink, drink, drink  
Drink, drink, drink  
Ain't no talkin bout the bullshit  
Talkin like a newspaper  
I'm talkin' bout the newspaper full of weed  
Like the whole thing  
And I'mma roll it up and smoke it

Hey, hit this  
And really let you think about you  
And in the end  
You gotta let me do it

Don't that sound bad  
Horrible  
No inspiration  
No goals  
I know it sound like  
I wanna die  
And I know I'm so miserable  
But this just so happens to be  
The best day of my life

Horrible  
No inspiration  
No goals  
I know it sound like  
I wanna die  
And I know I'm so miserable  
But this just so happens to be  
The best day of my life

Horrible  
No inspiration  
No goals  
I know it sound like  
I wanna die  
And I know I'm so miserable  
But this just so happens to be  
The best day of my life

Yea
