## T. Rex, Dawn Storm

Dawn storm, o my dawn storm I realise you're blue Please babe, o don't squeeze babe All that I say must be true

Baby I'm not crazy A rush ain't no crush it's a trip But learning on a journey Ain't no month on the sunset strip

Times they are strange and I won't Rearrange No no no, not my love for you Times they are strange and I won't Rearrange No no no, not my love for you
