

# T. Rex, Rings Of Fortune

Rings of Fortune in my way  
I've motorcycled the King's Highway  
I sailed on a ship on the Spanish galleon  
I'm the Angel of the Black Medallion  
Peter Pan I am, I say  
I harvested the sunlight through my day  
Vagabond of the Eastern Moon  
Give my love with every single spoon

Hung at dawn 'cos it's sun by noon  
Charlie's black cat with a bad time tune

Sad to see things that were kind  
I'm no Has-been's clever child  
Well of wishing, want you more  
Than golden rings upon my door

Saw the people laughing  
Saw the people cry  
Saw the people kneeling  
Saw the people die
