

# T. Rex, Teenage Dream

Whatever happened to the Teenage Dream

Surprise surprise, the boys are home  
My guardian angel's rung down my telephone  
The heat's on mister, can't you hear them scream  
Whatever happened to the Teenage Dream

The curfew comes at the crack of light  
The sad old wino aches to dissipate the fright  
The jet junk jiver speeds past in his machine  
Whatever happened to the Teenage Dream

A broken god from a musty world  
Sweetly mouthed touched an onyx girl  
His prison bars were very hard to clean  
Whatever happened to the Teenage Dream -Yeah

The Wizard of Oz and the bronzen thief  
Ruled my girl with teutonic teeth  
But all was lost when her mouth turned green  
Whatever happened to the Teenage Dream

Silver Surfer and the Ragged Kid  
Are all sad and rusted boy, they don't have a gig  
Believe me Pope Paul my toes are clean  
Whatever happened to the Teenage Dream

Black is black and white is white  
Some go to Heaven and some get it light  
Nobody disapproves but his wicked screams  
Whatever happened to the Teenage Dream -Yeah
