

# T. Rex, Wielder Of Words (Robard De Font Le Roy)

Wielder of words is steeped within traditional verbs  
And curiously a dented top hat  
Discovered in the moonlit Laundromat

A busted cheroot is smoking on the heel of his boot  
His opera is torn thru' the haste of operatic oyster  
Eating evenings of waste

Sleek astrakhan, reclining on a chippendale stand  
So sad they should be owning a man who's  
Thicker than the forestry from where they began.
