

# T. Rex, Write Me A Song (Supertuff)

Write me a song  
That the world can sing along  
And I'll sing you a song  
That stands for living

Write me a song  
That the world can sing along  
And I'll sing you a song  
From the heart

Alright Alright  
You look supertough to me  
Alright Alright  
You look supertough to me

Write me a song  
That the world can sing along  
And I'll sing you a song  
That stands for living
