

T-Squad, The Second Star To The Right

[Rap]

Now hold to the dream don't forget to stop
Keep it real we can make it to the top
Spread your wings and take it to the stars
We can do it cuz we know just who we are
We gotta do dis cuz together we stand
We on a mission and we got a secret plan
Spread your wings and kick it to the sky
Holla to the planets now we're passing them bye

The second star to the right
Shines in the night for you
To tell you that the dreams you plan
Really can come true

The second star to the right,
Shines with a light that's rare.
And if it's never land you need,
It's light will lead you there.

[chant]

Twinkle, twinkle, little star
So i'll know (i will know) just where you are (where you are.)
Gleaming in the skies above (ohhh)
Lead me to the land i dreamed of...

And when our journey is through,
Each time we say good night, (say goodnight)
We'll thank the little star that shines,
The second from the right. (second to the right)

The second star,
The second star
The second star to right
The second star,
The second star
The second to right
