

# T-Squad, What'cha Gonna Do?

Whatchu gonna do when you're momma finds out  
You lied? you lied?

I feel like i've done this i know you have too  
Deleting repeating and don't you know it's dj vu  
The lies that you're spinnin' are easy to see  
You're busted i trusted because you lie so obviously

And what have we got here what's in store  
When the boy cries wolf we just ignore it  
What have we got here what's it gonna be  
Nobody trusts you can't you see?

Up and down and around we go  
Where it stops i guess we just don't know so :

Whatchu gonna do when you're momma finds out  
You lied? you lied?

Just listen ya dissin cuz you gotta learn  
Now answer the truth and don't be yessing

Now everything you say's got me second-guessing  
Up and down and around we go

Whatchu gonna do when you're momma finds out  
You lied? you lied?

Whatchu gonna do when you're momma finds out  
You lied? you lied?

Ya pants are on fire you're making me mad  
Perspire you liar i know i've been had  
But you gonna see that it doesn't pay  
To twist da truth with every word you say

Up and down and around we go  
Karma's comin to get you yo

Listen up now cuz we're gonna break it down  
Let me hear you now  
We got the power to turn this beat around  
Let me hear you everbody
