

# Tabb & Sound'N'Grace, Someone (piosenka do filmu)

I'm trying hard to make it right  
No one failed I need to fight  
Wondering if it's ever gonna stop

Once again I'm all alone  
Losing half of what I own  
Falling down instead of reaching top

No, I'm gonna make it  
They can't never break it  
Finally, everything will go away  
Now, I'm starting over  
I feel I'm getting stronger  
It is time to face up brave new day

Try to leave past behind  
Don't let troubles close your mind  
Coz nothing's forever  
And it only matters  
To feel there's someone in the crowd  
Try to leave past behind  
Don't let troubles close your mind  
Coz nothing is forever  
And it only matters  
To feel there's someone by your side

No one is making me faithful now  
Choice is up to me  
No one is making me faithful now  
It's time you to see

No, I'm gonna make it  
They can't never break it  
Finally, everything will go away  
Now, I'm starting over  
I feel I'm getting stronger  
It is time to face up brave new day

Try to leave past behind  
Don't let troubles close your mind  
Coz nothing's forever  
And it only matters  
To feel there's someone in the crowd  
Try to leave past behind  
Don't let troubles close your mind  
Coz nothing is forever  
And it only matters  
To feel there's someone by your side

Keep in mind  
in my mind  
But it seems to hard  
Really hard  
Coz you never know what's coming ahead  
If you tell the dream  
Feel the energy  
You will finally see  
It's only in your head

Dla braci, dla sióstr  
Dla ziomek, bliskich ludzi  
Co byli ze mną kiedy Bóg mnie opuści  
Bo ta wiara jest tu we mnie  
Cały czas –w nocy i we dnie

Nigdy nie skończę na dnie, bądź pewien  
Biorę co swoje  
Idę przed siebie  
/2x

Try to leave past behind  
Don't let troubles close your mind  
Coz nothing's forever  
And it only matters  
To feel there's someone in the crowd  
Try to leave past behind  
Don't let troubles close your mind  
Coz nothing is forever  
And it only matters  
To feel there's someone by your side
