

Tabb & Sound'N'Grace, Someone (piosenka do filmu)

I'm trying hard to make it right
No one failed I need to fight
Wondering if it's ever gonna stop

Once again I'm all alone
Loosing half of what I own
Falling down instead of reaching top

No, I'm gonna make it
They can't never break it
Finally, everything will go away
Now, I'm starting over
I feel I'm getting stronger
It is time to face up brave new day

Try to leave past behind
Don't let troubles close your mind
Coz nothing's forever
And it only matters
To feel there's someone in the crowd
Try to leave past behind
Don't let troubles close your mind
Coz nothing is forever
And it only matters
To feel there's someone by your side

No one is making me faithful now
Choice is up to me
No one is making me faithful now
It's time you to see

No, I'm gonna make it
They can't never break it
Finally, everything will go away
Now, I'm starting over
I feel I'm getting stronger
It is time to face up brave new day

Try to leave past behind
Don't let troubles close your mind
Coz nothing's forever
And it only matters
To feel there's someone in the crowd
Try to leave past behind
Don't let troubles close your mind
Coz nothing is forever
And it only matters
To feel there's someone by your side

Keep in mind
in my mind
But it seems to hard
Really hard
Coz you never know what's coming ahead
If you tell the dream
Feel the energy
You will finally see
It's only in your head

Dla braci, dla sióstr
Dal ziomków, bliskich ludzi
Co byli ze mną kiedy Bóg mnie opuści
Bo ta wiara jest tu we mnie
Cały czas –w nocy i we dnie

Nigdy nie skończę na dnie, bądź pewien
Biorę co swoje
Idę przed siebie
/2x

Try to leave past behind
Don't let troubles close your mind
Coz nothing's forever
And it only matters
To feel there's someone in the crowd
Try to leave past behind
Don't let troubles close your mind
Coz nothing is forever
And it only matters
To feel there's someone by your side
