

# Tad Dreis, Cool With It

Are you cool with it  
I got to know  
Are you cool with it  
Cause if so

If so, we've got to go

Are you cool with it  
Tell me now  
Are you cool with it  
Cause I'm about

I'm about to lose all doubt  
And you're going to hear them shout  
Yeah I'm about to lose all doubt

So are you cool with it  
Are you down  
Are you cool with it  
Will you frown

Will your frown leave this town  
To paint another clown  
Will your frown lose this town  
Or are you cool with it

There's another answer, understand  
There's another answer

But are you cool with it  
Cause after all  
If you're cool with it  
We're standing tall

If you're cool, we're standing tall  
If you're not, it's time to fall  
Cause we'll never fool them all  
So are you cool with it?
