

# Tad Dreis, Yours Asleep

You were there  
And you, too  
And you and you and you  
I should write  
Cos I care  
I recognized your hair

I caught a note of yours asleep  
Swear I'll answer in a week

We never met  
But we talked a lot  
I liked you by default  
I knew you as well  
As I knew anyone  
I don't know if I know anyone  
I don't know if I know anyone

I caught a note of yours asleep  
Swear I'll answer in a week
