

# Tad Morose, Another Time Around

Don't tell me life is for the living  
The voices that I hear say it's not so  
I fear they just pretend to hold the answer...

They tell me life's what we're given  
Then nevermore, but hey, you never know  
Believe me, in time there's no tomorrow  
So wish me well I feel it's time to go

Another time around  
Another song, another crown  
New faces hide the cards Turn them down  
A masterful design  
Not once upon a time  
And still we dream  
We hope for something more

They told me - I saw  
Holy fire, oh the burning of us all  
Another time around

Don't want to face the day still unforgiven  
No, I don't want to see the end at all  
Don't want no brave new world tomorrow  
Forevermore to one and all

They told me - I saw  
Holy fire - ooh, burning in us all  
Another time around
