

Tadpole, Backdoor

Now you're coming through the backdoor
How did you get there
Do I mind?
That's a question for the asking
How did you get there
Do I mind?
Will you linger a little longer
While I wonder

Watch me wear my ruse
Awake your world
And run with fools

Now I'm coming through the backdoor
How did I get here
Do I mind?
In an eerie sort of way
I sense you reaching
Do I mind
Will you linger a little longer
While I wonder
