

Tahiti 80, Swimming Suit

It's gonna cause you sorrow
It's gonna give you all you need
Forget about tomorrow
Don't dramatize the things you did

It quickly flows to the sea
So quickly you won't see

So many things to face
And you're still in the wrong place
It's easy if you try
Don't emphasize the things inside

It quickly flows to the sea
So quickly you won't see

It's time to say goodbye
Put on your swimming suit
And then we will dive
