

# Taio Cruz, Do What You Like

Girl, why you gotta be so cruel?  
Why you gotta be so special?  
Heaven ain't got nothin' on you  
Got me feeling like a horny devil

We keep on going, keep on going till our hearts burn out  
And we can keep on going till the lights burn out  
And no one needs to know what we are all about  
What we are all about

So get up off that sexy round thing and  
Move your body and do what you like  
Keep it going if it feels alright  
Move your body and do what you like  
Keep it going if it feels alright  
(Keep on rockin' with me)  
Get down  
(Love it when you rockin' with me)  
Do what you like  
(Keep on rockin' with me)  
Get down, get down, do what you like  
(Keep on rockin' with me)  
Get down  
(Love it when you rockin' with me)  
Do what you like  
(Keep on rockin' with me)  
Get down

Girl, why you gotta be so bad?  
Why you gotta be my guilty pleasure?  
It's like you got your feet up on the dash  
It's like I got my foot down on the pedal
