

Take 5, Never In My Life

I remember how you used to touch me in the mornin'
When I'd rise
How everything seemed right when I looked in your eyes.
I guess it's true you never miss your water
Until you well runs dry
Girl I really miss you here in my life

Well baby what can I say (what can I say)
I guess I was wrong (guess I was wrong)
Girl I admit I was unkind
Now what can I do (what can I do)
Now that you're gone (now that you're gone)
Baby let me back inside

Chorus:

Never in my life,did I know a love so true
How can I live life, when my life begins with you
I'll keep searchin all my life
Til I find the perfect one
It's you

It's you
It's you

Never in my life, did I know
Know a love ever felt so true
Never in my life did I know

I took advantage and took ou for granted
Baby from the very start
Everything you gave to me came straight from your heart
Now will we ever get back to holding hands,
Will I ever get another chance to prove to you and show you
That I can be a better man

Well what can I say(what can I say)
I guess I was wrong (guess I was wrong)
Girl I admit I was unkind

Now what can I do (what can I do)
Now that your gone(now that your gone
Baby let me back inside

Never in my life,did I know a love so true
How can I live life, when my life begins with you
I've been searchin all my life
Til I found the perfect one
It's you

After all the dust is settled and everyone on earth is gone
What will you do, when will you stand
Face to face one on one
Will you kiss me baby, love me like crazy
Will you tell me you want me again
Cause I'm exhausted fomr searchin, I'm tired of hurtin
I just need you in my life

Never in my life

(Guitar solo)

Never in my life

(Solo continues)

It's you
It's you, it's you

Oooh,oooh
Tell me you want me again
Ooh, oooh
Baby girl..oooh
Oooh,oooh
Tell me you want me again
Oooh,oooh
Baby girl..ooh
