

# Take 5, Saved The Best For Last

There's something special about you  
Could it be a spell you put on me that got me loving you?  
In the middle of the night I wake up to a cold sweat  
Cause I'm thinking of you

It seems to me like it's make believe  
A dream girl like you, wanting to be with me  
So I pinched myself to see if you'd fade away  
Never went away ...

So I said to myself

If I would have known baby what I know now  
I would have saved my love for you , and only you  
But since I didn't know then what I know now, there's one thing that I know  
I'm glad I saved the best for last

I always think about me and you  
I shed a tear for every year that me and you should have been  
I will always tell you how I feel, 'cause Momma told me never let your silence speak for you

It seems to me like it's make believe  
Aa dream girl like you, wanting to be with me

So I pinched myself to see if you'd fade away  
Never went away ...

So I said to myself

If I would have known baby what I know now  
I would have saved my love for you , and only you  
But since I didn't know then what I know now, there's one thing that I know  
I'm glad I saved the best for last

All the pain, I experienced  
Bad relationships, could have been avoided  
If I only knew, you were out there  
I would have saved all of my love for you

If I only knew

If I would have known baby what I know now  
I would have saved my love for you , and only you  
But since I didn't know then what I know now, there's one thing that I know  
I'm glad I saved the best for last
