Take That, A Million Love Songs

Put your head against my life What do you hear A million words just trying to make The love song of the year Close your eyes but don't forget What you have heard A man who's trying to say three words The words that make me scared A million love songs later And here I am trying to tell you that I care A million love songs later And here I am Looking to the future now This is what I see A million chances pass me by A million chances to hold you Take me back, take me back To where I used to be To hide away from all my truth Through the light I see A million love songs later And here I am trying to tell you that I care A million love songs later And here I am.
