

# Take That, Brand New Sun

Where do we start on a love that we know so well  
How do we even begin to explain ourselves  
The moments we swore on our lives that we won't forget

Number one  
I couldn't do this for anyone  
Hold out my hands in front of everyone  
You are the reason that I'm holding on  
'Cause you're my number one

And away from this whole crowd when new waves come and tides move on  
Every day you'll ever know is followed by a brand new sun

Hey  
Hey, hey  
Hey, hey  
Hey, hey  
Hey, hey

Keeping a faith in a place that we hope won't pass  
Taking a second to stop if we go too fast  
Grass always grows in the garden and through the cracks

Holding on  
You're still the reason that I'm holding on  
Maybe it's something in the chemistry  
Am I part of you or are you part of me?  
Hey, hey, hey, hey

And away from this whole crowd when new waves come and tides move on  
Every day you'll ever know is followed by a brand new sun  
And the nights won't feel so long as long as we've got our eyes on each other

Hey  
Hey, hey  
Hey, hey  
Hey, hey  
Hey, hey

My eyes are bigger than your eyes  
And your eyes are bigger than mine  
Bigger than mine

Hey  
Hey, hey  
Hey, hey  
Hey, hey  
Hey, hey

And away from this whole crowd when new waves come and tides move on  
Every day you'll ever know is followed by a brand new sun

Hey  
Hey, hey  
Hey, hey  
Hey, hey  
Hey, hey
