

# Take That, Keep Your Head Up

Heavy  
All uphill  
Never easy  
No standing still  
All caught up  
Being held back  
Manifest your defence  
And watch it pass

So keep your head up  
Your wings wide  
Find fire  
That keeps your soul alive  
So keep your head up  
Your mind strong  
Let go  
Instead of holding on

So keep your head up  
Your wings wide  
Find fire  
That keeps your soul alive  
So keep your head up  
Your mind strong  
Let go  
Instead of holding on
