

# Take That, Mancunian Way

We used to walk Mancunian Way  
We used to swagger we used to sway  
Up until the lights took us away  
Do you know what you meant to me?  
We used to think we were the bomb  
Then someone left a real one  
We stayed indoors as the rain come  
Back then it made no sense to me  
I'm missing you face, your beautiful face  
It's funny that I recall they gave us the keys to the cit, but they don't fit anything  
But I'm coming away.

I hear you calling  
I came back running  
Forgot that feeling  
Been so long coming  
They tried to stop her  
She just got stronger  
I'm driving home again  
Back down Mancunian Way

I just forgot how it is to feel  
To dance and move and keep it real  
Been lying down for ten long years  
But I was there and it feels like yesterday  
I'm missing you face, your beautiful face  
It's funny that I recall you came when I was pretty, but that don't work no more  
But I'm coming anyway.

Now I stand here in front of you  
I know now what I'm gonna do  
My shoulders low, but my head is high  
I'm gonna bring this town alive  
Through this acidic rain  
I'm gonna come back to life again.
