

Take That, Time And Time Again

I get up
Time and time again
Time and time again
Time and time again

When I'm on my back
Looking at the stars
Everything up in the air
And the same old ground
Keeps pulling me down
Gravity gets everywhere

When I lose my grip
I roll up a cigarette
Smoke blows back into my face
And the lemons leave me
With a bittersweet taste
Trying to keep the tears away

'Til the world stops turning
My heart stops beating
My mind stops dreaming
The line gets cut

I get up
Time and time again
Time and time again
Time and time again
I get up (Yeah)
Time and time again
Time and time again
Time and time again

It's an up and down road
And it's a long one
But someone's got to walk on it
And the words don't sound
The same to everyone
But someone's gonna write about it

And I fall in love like Niagara falls
Drown before I learn to swim
And there's no life vest
When you're out of your depth
Trying to keep yourself afloat
Gonna need a bigger boat

Wipe my face
I tie my laces
Say my prayers
I dust myself off

I get up (I get up)
Time and time again
Time and time again
Time and time again
I get up (Yeah)
Time and time again (Time and time again)
Time and time again (Time and time again)
Time and time again

I lay down every evening
I wake up every day
I lay down every evening

I wake up every day
I lay down every evening
I wake up every day

I get up
I get down
I get up
I get down

I get up
(Yeah) Time and time again
Time and time again
(Yeah) Time and time again
I get up (I get up)
(Time and time again) Time and time again
(Time and time again) Time and time again
(Time and time again) Time and time again
