

# Taken By Trees, Lost And Found

I took myself out walking  
By the evening i was running  
I hadn't done this for a long while  
My friend said cheer up it was high time  
But can't you see i'm lovesick?  
I need a cure so bring it real quick  
This time i'm fearing heartbreak  
Look at the time it's almost daybreak  
Oh i don't want to settle down  
I don't want to leave this town  
I'm feeling lost and found  
Am i wild, wild, wild, wild, wild?  
Oh i am most dissatisfied  
You can tell this looking in my eyes  
She looks like a lovely piece of art  
But pills plus miles tear us apart  
Oh, oh, oh, oh  
Took myself out walking  
By the evening i was running  
I hadn't done this for a long while  
My friend said cheer up it was high time  
Can't you see i'm lovesick?  
I need a cure so bring it real quick  
This time i'm fearing heartbreak  
Look at the time it's almost daybreak  
Oh i don't want to settle down  
I don't want to leave this town  
I'm feeling lost and found  
Am i wild, wild, wild, wild, wild?  
Am i wild, wild, wild, wild, wild?  
Are we wild, wild, wild, wild, wild?
