

# Takida, Give Into Me (Ridin' High Version)

I'm falling down on you, where are you from  
What else can I do, you're so beautiful how can I go on  
If I loose it all, would you go down on me  
I don't even know, the things you want me to see Waiting for you  
Thinking of you  
Give into me, I'll make you blue

I wanna know if you feel the same  
You're mine, I'm ridin high like an aero plane

I wanna give you what you need,  
But I don't dare to ask  
I got no self-esteem,  
I don't blame my past
