

# Taking Back Sunday, This photograph is proof (I know you know)

Well, I'll wait till you listen  
I won't say a word  
to follow your instincts  
just never worked for me  
your silent but strong, (yeah, I'm playing that card)  
and your noticing nothing again  
Now I'm lying on the table  
with everything you said  
keeping mind the way that it felt  
when the most I could do was to just blame myself  
(yeah, I'm playing that card)  
when the most I could do was to just blame myself  
and I know you know, everything  
I know you didnt mean it  
I know you didnt mean it  
I know you know, everything (drop everything)  
I know you didn't mean it (start it all over)  
I know you didn't mean it (remember more then youd like to forget)  
So, we're talking forever  
and you almost feel better  
but, betters no excuse for tonight  
you see, it's never been enough  
just to leave all you gave up  
but, its never good enough to feel right  
Now I'm lying on the table  
with everything you said  
it will all catch up eventually  
well, it caught up and honestly  
the weight of my decisions  
were impossible to hold  
today we'll never know  
today we'll never know  
Well I, know you know, everything  
I know you didnt mean it  
I know you didnt mean it  
I know you know, everything (drop everything)  
I know you didn't mean it (start it all over)  
I know you didn't meant it (remember more then youd like to forget)  
Drop everything, start it all over  
remember more then youd like to forget [x2]  
Would you like to forget  
would you like to forget  
drop everything, start it all over  
well, drop everything start it all over (would you like to forget)  
drop everything start it all over  
start it all...  
Well I, know you know, everything  
I know you didnt mean it  
I know you didnt mean it  
I know you know, everything (drop everything)  
I know you didnt mean it (start it all over)  
I know you didnt meant it (remember more then youd like to forget)  
I know you know  
I know you know...you know, you know, you know...
