

Tal Bachman, (You Love) Like Nobody Loves Me

I'm a difficult man
I admit I'm not easy
At the drop of a tear
I can turn right away

And all the heartaches I've seen
One after another
Can make a man mean enough
To feel afraid

And nobody cares, no one really knows me
And nobody shares the other side of me
But you love like nobody loves me

I was there all the time
Even I couldn't find me
So how did you see, what made you believe?

(Chorus)

You delivered my heart
One beat at a time after time after time...

(Chorus)

So how did you see, what made you believe?
