

Taleesa, Let Me Be

Let me be
nobody is fool today
we can find a way
look it for a brand new day now

Let me be
nobody is fool today
we can find a way
and it's time to celebrate now

Let me be, let me be
just let me be now
Let me be, let me be
ohh yeeah
(let's celebrate now)

sorry can't understand this part, if you can please update the lyric
