

# Talisman, Friends 2 Strangers

Screams of anger lead 2 bitter ends  
24/7, never seem 2 compromise  
Friends 2 strangers words cannot defend  
Now does it feel good, now does it feel right  
Somehow my dignity is buried alive

How do we advertise, our souls are victimised  
We're miles from the road 2 heaven  
Let's make this 1 thing clear, I've had it bout 2 here,  
You've taken much more than u've given

Justifying all your every ways  
I can 4give but I can't 4get, nor I should  
I aint buyin what more can I say  
Now do u feel good, tell me do u feel right  
It's only fair 2 tell me what's on your mind

(Solo)

Screams of anger lead 2 bitter ends  
24/7, never seem 2 compromise  
Friends 2 strangers words cannot defend  
Don't think I can't see it in your eyes  
Justifying all your every ways  
I can 4give but I can't 4get, nor I should  
I aint buyin what more can I say
