

Talk Show, Behind

(r. deleo / d. coutts)

Painted numbers and sonic slumbers
Fool who thinks he knows it
But can't show the way he really feels

Goodbye wavers and penny savers
Fool who thinks he knows it
But can't show the way he really feels

I hear them laughing

I hear them laughing

All the times have I stumbled before
Growing weeds through the holes in the floor

Behind

Planted favors and absent saviors
Fool who thinks he knows it
But can't show the way he really feels
