

# Talk Show, Everybody Loves My Car

(E. Kretz / D. Coutts)

Broken records play  
Shoes left out all day  
Trips were started left departed  
To rise another day

Sing a wish for free  
Pays the rent for me  
Sun's reflection needs reception  
To rise another day

Everybody loves my car  
Everybody loves my car

Plant the seed decay  
I long to move away  
Shoot the gun now let me run  
To rise another day

Living out of time is the best for me  
Freedom in my head fills the rest of me  
How 'bout you?
