

Talk Talk, Stump

(Mark Hollis Simon Brenner Paul Webb Lee Harris)

Driving in the back seat around the town
Listen to the lights, I want to see the sound
Of music playing in my head
I never heard a word you said

Oh oh oh

The beats are kicking in

Oh oh oh

Your

ears don't hear a thing

Strike up the band

Looking for reaction without the crowd

Looking in the doors I get the run around

You never heard a word I said

I've seen this music in my head

Oh oh oh

The beats are kicking in

Oh oh oh

Your ears don't h

ear a thing

Strike up the band

You never heard a word I said

I've seen this music in my head

Oh oh oh

The beats are kicking in

Oh oh oh

Your ears don't hear a thing

Strike up the band
