Shot Down

Shot Down

Far gone you walk along a long road  
Stole from a dream, the story you told  
Preachers on the TV preachin 'bout the enemy  
Only show that's on is hypocrisy

You wash your hands clean  
and spread a message of war  
You seed the disease  
Somehow reaping the cure  
Now your delusion  
Grows bigger  
You're the target  
I'm on the TRIGGER

Shot Down

Shot Down

Far gone you walk along a long road  
Stealing the scene with lives that you sold  
Mother's on the TV crying for her family  
Machine gun cornerstone for democracy

You wash your hands clean  
and spread a message of war  
You seed the disease  
Somehow reaping the cure  
Now your delusion  
Grows bigger  
You're the target  
I'm on the TRIGGER
