

# Tally Hall, Two Wuv

I have this little thing  
It's probably just a fling  
two girls I like a lot  
I think they're really hot  
But I'm not sure if they know  
How my love began to grow  
It took a lot of time  
But right now it's solely mine

(Today) I drew a mural of  
The things I'd like to love  
And where my heart resides  
Is with two girls with gray eyes

If they just gave me a chance  
I'd show them what they want and teach 'em what they got.  
I'd tickle each and every one of their fancies.  
And I'd take the key to my heart and open it and let the love shine through.

Mary Kate and Ashley, I hope you understand  
That I love you a lot and I wanna be your man  
And I think, that it'd be totally cool  
If I hung around your apartments and enrolled in your school

(Mary Kate) I saw you on TV  
You dressed up like a bee  
Reminds me of the time  
How it's gone and it's gone and it's gone  
It's sadness every day that passes  
Without you and I really want I really want  
I really wanna hold you both tight  
and tell you you're mine but instead I sing:

Mary Kate and Ashley, I hope you understand  
That I love you a lot and I wanna be your man  
And I think, that it'd be totally cool  
If I hung around your apartments and enrolled in your school

Mary Kate and Ashley I hope you understand  
That I love you a lot and I wanna be your man  
And I think, that it'd be totally cool  
If I hung around your apartments and enrolled in your school

I know that life without you and you would be sad  
I know it'd be bad

Mary Kate and Ashley I hope you understand  
That your loveliness blossomed  
And I wanna hold your hands  
And I think, that it'd be totally cool  
If I hung around your apartments and enrolled in your school

Mary Kate and Ashley I hope you understand  
That I love you a lot and I wanna be your man  
And I think, that it'd be totally cool  
If I hung around your apartments and enrolled in your school

Mary Kate and Ashley I hope you understand  
That I love you a lot and I wanna be your man  
And I think, that it'd be totally cool  
If I hung around your apartments and enrolled in your school

Once you learn to love me  
Life will be alright

Once you learn to love me  
Life will be alright

Once you learn to love me  
Life will be alright
