

Tam Tam Go, Secret Lover

Boy, I want to have a toy
and search for new release
I hope I'll find a secret lover
I can't carry on this way
being watched even in hell
I hope I'll find a secret lover
just find my secret lover

In the air I've got her
out of the sky she moans
and by the time that I meet her
Will her facer just turn odd?

Boy, did you ever have a toy?
I'd run two thousand miles
to find a secret lover
to find my secret lover
I might look for hidden charms
Well, I think that is too hard
to find a secret lover, to find my secret lover

In the air I've got her
out of the sky she moans
and by the time that I meet her
Will her facer just turn odd?
I won't cry, I won't cry

Boy, you think this is the end but well,
Let's play the game
to find a secret lover
to find my secret lover
Hey, my intimate stranger, however much I boozed
to find a secret lover, to find my secret lover

In the air I've got her
out of the sky she moans
and by the time that I meet her
Will her facer just turn odd?
I won't cry, I won't cry
