

Tamara, Vrcak & Adrian Gaxha, Let me love you

Let's go
What you gonna do if I let you know
You're the only one I've been dreaming for
I've never fell in love like this before
Let's go, let's go, let's go
Where the moon is full and the lights are low
We can do it so slow, kissing slo-mo
Until dawn breaks, that I ride out solo
You always knew how to make me cry
I feel so helpless without you
I'm starting to lose my mind
I wanna be with you tonight
The stars above go like they're making love
I'm running under the moonlight
Alone in the sleepless nights
Just to be right by your side
Let me love you, just let me love you
Unfold your angel wings
Fly out for my wildest dreams
Let me love you, just let me love you
Kiss me and let me die
Before you tell me goodbye
You always knew how to make me cry
Who needs a smile when my tears
Are so full of love inside
And they are stronger than my pride
