

Tami Chynn, Over And Over Again

Never really thought that i would get to this today
I really didn't know if I should say what I should say
What bout this feelin that u feelin
All the things I wanna show
I put it in the song to let u know.

[Verse 1:]

I think I like u
And if you got some time to spare??
I was 'thinkin' we could fall in love
Want to let u in
Are u willin' to catch my fall
If I happened to just fall for you

My love for you grows stronger everyday
So much deeper ,so crazy
In ways I cant explain
I've been waitin' fo the day to call you mine
I was thinkin' we could fall in love.

[Refrein:]

Do what u want ,as long as you wit me
Say what you want
As long as I hear u callin' ma name,
over and over again

Take what u want, as long as u take me
Love me fo real
I promise u'll hear me callin' ur name
Over and over again...

[Verse 2:]

I'm just searchin', searchin for the truth
All I know is, my heart belongs to u
I'm not in this, just for the honeymoon
But all the way

[Refrein]

[Verse 3:]

I know I'm fallin'
And I just might never get up
So I, guess I will be here to stay
U're breakin' my walls and u're takin' my heart
There's nothin' I can do to fall apart for u,
And baby, that's cool

[Refrein]

Over and over and over and over again
