

Tamia, Love Me In A Special Way

"(Intro)
Mmm yeah
Tell me that you like it
Oh yeah, yeah
(Woo, let's see if you remember this one)
Do I?!
Oh, now I have to go there
Oohh
Mmm yeah
Let me show you just how much I know this record

You knew you had me
With your sensuous charm
You looked so alarmed
As I walked on by
And oh some wonder
You had to know why I did not respond
To carry on

Love me in a special way
What more can I say?
Love me now
Love me in a special way
What more can I say?
Love me now

Love me now
Cuz I'm special
Not the average kind
Who'd accept any line
That sounds good
So reach into your chain of thoughts
Try to find something new
What worked so well for you before
For me, it just won't do, no

Love me in a special way
What more can I say?
Love me now
Love me in a special way
What more can I say?
Love me now

Ooh ooh
Oh yeah yeah
Mmm hmm

So reach into your chain of thoughts
Try to find something new
Cuz what worked so well for you before
For me, it just won't do, no no

Love me in a special way
What more can I say?
Love me now
Love me in a special way
What more can I say?
Love me now

Love me in a special way
What more can I say?
Love me now
Love me in a special way
What more can I say?

Love me now

Love me in a special way
Love me everyday
What more can I say?
Just love me now
