

# Tamia, Never Gonna Let You Go

ooh oh yeah

i don't even know the reason why  
you tell me that you it's time to say goodbye  
you can't even look me in my eye  
did i do something wrong

if you tell me that the love is gone  
i'll move over and i'll let you move on  
but i know that the love is still strong  
so i keep holding on

chorus:

so i'm never gonna let you go even though it's breaking my heart  
all trying to do is let you know  
we can make a new start  
so i'm never gonna let you go even though it's tearing me apart  
all i'm trying to do is let you know  
we can make a new start

i remember back when we first met  
the kind of love that you never forget  
making love till we were soaking wet  
and you're still on my mind oh  
after all things that we've been through  
you gotta give me time to talk to you  
that's the very least that you can do  
we can work it out with time

we can start all over again  
whatever it gets  
i'll make it right  
whatever you need i will provide  
i really want you in my life  
we can make a new start  
whatever i will be there  
the love that i give none can compare  
all that we have all that we share  
we can make a new start  
i'm gonna hold on  
said i'm gonna be strong
