

Tamia, Whispers

Hey, oh oh oh oh

Have we almost proved it
Had a thing so perfect
I was scared I wanted to find something wrong, But
So I put you through it
And I made excuses
Try to turn you away, I knew I was wrong, Oh
Cause when you went away
Something so strong, I didn't know
Until you were gone
Oh oh I didn't know

Whispers sweet nothings in my ear
Tell me all the things that I long to hear
Baby, you gotta whisper sweet nothings
In my ear and let me know that you feel the way I do, Oh

Hearing your voice it took me back to the way it should be
Passion so strong it feels like I'm losing my mind
You got please forgive me
Yes, so I tripped completely
Why can you do Oh, when love gets hold of you
Cause, when you went away
Something so strong
I didn't know, until you were gone
Oh oh, I didn't know

Whispers sweet nothings in my ear
Tell me all the things that I long to hear
Baby, you gotta whisper sweet nothings
In my ear and let me know that you feel the way I do, oh

Oh, Oh, Oh, Oh x4

Oh baby, I knew I was wrong
I need your sweet nothing whispers
Baby, You need to understand
These feelings so strong
Right by your side
Is where I belong

Oh Oh Oh Oh Oh
I'm on my way home

Repeat chorus x2

Baby I'm on my way home
