

# Tammin Sursok, Almost Me

Someday soon I'll be ready to go  
Mind, body, spirit, I'll be out on my own  
80% of me is done, yeah yeah yeah yeah

I'm in the car but I'm missing the keys  
See them on the top shelf, still outta reach  
They say the only way is up, yeah yeah yeah yeah

So take these days  
Feel the sun, soak in raise

It's all good, I've got a lot of time  
Feels so free in this little world of mine  
I figured out I'm gonna have to fall before I learn to fly  
I'm almost me, I'm almost me

Wrong time, right time, ready to change  
Find that clear path out of the maze  
It's like I'm living in between, yeah yeah yeah yeah

If life's a ride

Guess that I'm waiting in line

It's all good, I've got a lot of time  
Feels so free in this little world of mine  
I figured out I'm gonna have to fall before I learn to fly  
I'm almost me, I'm almost me

I'm almost me, I'm almost me yeah yeah yeah  
I'm looking for the answer yeah yeah yeah  
I'm living in between yeah yeah yeah

Going nowhere, heading somewhere all at the same time  
Reaching up and looking forward, just about to fly

It's all good, I've got a lot of time  
Feels so free in this little world of mine  
I figured out I'm gonna have to fall before I learn to fly  
I'm almost me, I'm almost me

I'm almost me
