

# Tammy Wynette, Bridge Of Love

Hmm hmm hmm hmm hmm hmm

When the bridge of love starts falling down falling down falling down

The bridge is strong but when things go wrong it's down down down

Watch the happy children go round and round some are black some are brown

The bridge is strong but when things go wrong it's down down down

Hear the little children singing their song everything's right and they belong

All the little children are gonna be sad when the bridge falls down no mom no dad

When the bridge of love starts falling down...

One hand a reachin' out to another makes a bridge of love will you be my brother

The bridge is strong but when things go wrong it's down down down

Look at our country what do you see the bridge of all colors standing free

The bridge is strong but when hearts go wrong it's down down down

When the bridge of love starts falling down...

Hmm hmm hmm hmm hmm hmm down down down
