

# Tammy Wynette, Come On Home

Go on with your new love have a good good time  
Take her out show her off fill her tall glass with wine  
Live all you can I'll forgive you when the last thrill is gone  
Just remember old faithful is waiting at home  
Bright lights have you blinded for a long long time  
Your rose colored world is a long way from mine  
I'm just a teardrop from a break town and so all alone  
Take your time when you wake up won't you please come on home  
Come on home come on home never more will roam  
I open wide my arms oh Lord it's all right so come on home  
Come on home come on home come on home it's all right so come on home
