

# Tammy Wynette, Lovin' You Is Worth It

I work hard and I work over time and I'm still deep in debt  
I tell myself I'll get ahead but I haven't done it yet  
Sometimes I think of giving up leave you pack up and go  
But I love you for your sweet lips and in your arms I know  
Lovin' you is worth it worth the heartbreak each day  
We've come this far together so it's together all the way

I'll admit I'd like to have a house new car and fancy clothes  
Dress up go out with you to places where we used to go  
And I get lonely even though you do your best for me  
And when you tell me I love you and kiss me I can see  
Lovin' you is worth it...  
We've come this far together so it's together all the way
