

# Tammy Wynette, Reach Out Your Hand (And Touch Somebody)

Reach out your hand and touch somebody together build a dream to call your own  
Reach out your arms and hold somebody you've got too much love to give to be alone

The world has never been so cold and lonely the sky has never been a deeper blue  
Just like you there's someone just as lonely  
And you know God made 'em special just for you  
Reach out your hand...  
Reach out your hand
