

Tammy Wynette, Woman to Woman

If you think you've got your man
In the palm of your hand
You better listen
And if you think you've got it made
And his love will never fade
You better listen
She's out there too
And she's a whole lot better lookin'
Than me and you
She can do things to a man
You never dreamed a woman could do
If you think you'll keep your man
With a gold wedding band
You better listen
And if you sit at home
Thinkin' how you turn him on
Haha you better listen
She's sweet when she talks
And she bounces all over
When she walks
She's figured out more about a man
Than your sweet mamma ever told you
I'm talking to you
Woman to woman
Heart ot heart
I'm singing straight to you
Just woman to woman
Right from my heart
And you can take it
Or leave it
Ohh.. but its true
Woman to woman
Me to you
Woman to woman
Right from my heart
And you can take it
Or leave it
Oooh.. but you know its true
Woman to woman
From me to you
