

# Tammy Wynette, Womanhood

Well he said hold on Patricia  
I only tried to kiss ya  
She said OK and then said don't you dare  
She seems so badly shakin'  
He thought he was mistaken  
But it sure looked like she bowed her head in prayer

I am a Christian Lord, but I'm a woman too  
If you are listenin' Lord, please show me what to do  
I've tried hard to be what mama says is good  
As I step into my womanhood

Shortly after midnight  
She turned off the porch light  
Walked into her bedroom all alone  
She sat down and said well, Lord  
God, I've been through hell, Lord  
Wonderin' if I did right or wrong

I am a Christian Lord, but I'm a woman to  
If you are listenin' Lord, please show me what to do  
I've tried hard to be what mama says is good  
As I step into my womanhood  
One more time

You heard, yes I am a Christian Lord, but I'm a woman too  
If you are listenin' Lord, please show me what to do  
I've tried hard to be what mama says is good  
As I step into my womanhood

Slowly slip into my womanhood  
Slowly slip into my womanhoo-oo-oo-ood...
